Mrs. Binning Sits In Jail And Waits For Fate

BY MARGO WILLIAMS

She sits in a small cell, reading, coloring, talking, but mainly she waits.

She may walk around the floor for a while, but she soon sits down at the table or on the bed. Constantly she tries to stay busy, but still she waits.

She waits for two events, which may change her life drastically.

Mrs. Ella Mae Binning, 25, is waiting to have a baby.

She is excited about the child, as is any expectant mother, but the circumstances are altered for Mrs. Binning.

This mother of four, is in Randall County Jail also awaiting a trial.

She has been charged with killing her five-year-old son, Marcus DeWayne, by striking and hitting him on the head with a hammer.-

But the trial for Mrs. Binning will wait until after the birth of her sixth baby, which is expected any day.

Meanwhile, Mrs. Binning sits in her cell, and county sheriff deputies carry out doctor's instructions for the well-being of both the child and mother.

"This is the first baby ever born to a woman in this jail, as far as I know," says Randall County Sheriff, Slim Johnston.

"We don't have the facilities for taking care of a baby, so there are a few problems which might arise concerning the birth," Johnston continued.

Immediate problems have been solved by the sheriff's department. Mrs. Binning is served three meals a day, as compared to two meals received by the other inmates.

She is on a no salt, no sweets diet, by orders of a local physician.

"We are following all the doctor's recommendations concerning her health," said Johnston.

When Mrs. Binning is taken to Neblett Hospital, where the baby will be born, other problems will have to be solved by the law enforcement agency.

A woman is to be on hand in Mrs. Binning's room at all times, meaning three women on three 8-hour shifts. Mrs. Raymond Reynolds, wife of a city policeman will be one of the women, but Johnston had not decided on the other two at press time.

"It won't be a hard job, but the women must be alert," he explained.

Mrs. Binning will remain in the hospital for 10 days following the birth. She will be returned to her cell across the street from the hospital.

And where does the baby go?

This question will cause the most trouble for Johnston. The baby can not be taken into the jail with the mother.

Potter County Child Welfare officials are making plans to protect the new-born baby on a temporary basis. The welfare agency has the other four Binning children in temporary custody.

The children, Thryza Marian, 7, Elizabeth Roxanne, 5, Henry, 2, and Jessie Melinda, 13 months old, are under boarding care in Amarillo with direction from the welfare agency.

Their father, Henry A. Binning, is in the United States Air Force stationed at Amarillo Air Force Base. He also waits the two events which are due in the life of Mrs. Binning.

In her cell in Randall County jail, Mrs. Binning relates her daily routine as she waits.

"I wake up about 6:45 a.m. but don't get up until they bring the food about 8 a.m." she explains.

After breakfast, Mrs. Binning takes a shower and cleans up the small cell. The room is stacked with several boxes loaded with clothing, books and drawings acquired during four months in jail.

"I color in my coloring book," she said.

"If I get tired of coloring, I read movie magazines or work on a jigsaw puzzle," she continued.

"I read my Bible a lot, too, and if there is anything to sew up I mend things."

Mrs. Binning has gifts received from other jail inmates.

"One of the men made this jewelry box out of matches. It has several compartments and drawers that pull out," she said.

"Another boy used burned matches to make this cross. It has a drawer for my Bible and a place for my Rosary," she continued.

Then Mrs. Binning showed several pictures drawn for her.

"This one is suppose to be me, but I don't think it looks like me." The drawing was signed by Tony Zilka. Zilka is charged with rape of a three-year-old girl.

"These others were drawn by other people here in jail. Some of them have been released, and some of them are still up here," she commented.

She pulled out a group of items which had been made for her by men in the jail.

"This is a belt, this a bracelet and these here are rings."

"They are made of cigarette packages. See, you fasten the belt like this," she said as she demonstrated the latch process.

"You learn to do a lot of things sitting up here..waiting."

And until the baby comes, Mrs. Binning will continue to read, color, talk and wait.

Conventions To Be Held

Republicans and Democrats will hold precinct conventions after the polls close Saturday evening.

David Matthis, Democratic county chairman, said precinct conventions in Amarillo will be held at 8 o'clock. The time will be 7:30 elsewhere in the county.

With some exceptions, precinct conventions will be held at polling places.

John Kenehan, Republican county chairman, said Republican precinct conventions will be held at 8 o'clock Saturday evening.

Democrats of Precinct 13 will hold their convention at the Methodist Student Center.

Several precincts do not have Republican precinct chairmen. Kenehan said that in the absence of these anyone who voted in the Republican primary of the particular precinct may call a precinct convention. It must be held on May 2, somewhere in the precinct, he said.

In both Democrat and Republican precinct conventions admission will be by poll tax receipt properly stamped. Only those whose poll tax receipt is stamped Republican will be admitted to a Republican precinct convention. The same rule applies to Democratic precinct conventions.

The precinct conventions will elect delegates to the county conventions. Precinct conventions also may pass resolutions to be presented at the county conventions.

The Randall County Democratic convention will be held at 8 o'clock the night of May 9 in the Randall County district court room.

The Republican county convention will be held at 8 o'clock the night of May 9 in the Rex Reeves Elementary School.

At the county conventions delegates will be named to the state conventions. Resolutions to be presented at the state conventions may be passed.

Jerry Cawthon's Family Embittered By Paul Arredondo Jury Verdict

The family of slain Amarillo policeman Jerry Cawthon was embittered this week.

"I am filled with utter disgust, contempt and bitterness over the verdict given to Paul Arredondo ," said Canyon resident Bill Cawthon, brother of Patrolman Cawthon.

Jerry Cawthon, 24, was shot and killed January 1, 1964 in Amarillo. Arredondo was accused of disarming the officer and shooting him during the early morning hours of the new year.

A jury of 12 Lubbock men found Arredondo guilty of murder with malice and sentenced him to 10 years in prison. The verdict was made Saturday.

"The jury must be criminal sympathizers. They saw Arredondo as a young man and didn't want to see him in the pen. But they forgot that Jerry gave his life protecting the innocent," Bill Cawthon said.

Cawthon, a butcher employed at Taylor and Sons Foods, expressed contempt for the verdict, which he considered "too light."

"I wanted the death sentence all along, so naturally I was terribly disappointed when the verdict was so light," he said.

"Jerry was a dedicated policeman, and had been with the force for four years. He was with the canine corps. He liked his job, and worked hard at it," Cawthon explained.

"To give a 'cop killer' only 10 years and make him eligible for parole in two years is just enticing others to do the same thing."

"My reaction to the verdict and trial? I was filled with utter disgust, bitterness. I feel that it is a complete miscarriage of justice."

"If only the 12 men who sat on that jury in Lubbock had been fair men of integrity and not criminal sympathizers, then justice would have been carried out, but instead they made a mockery of our laws."

"If the punk (Arredondo) had given a check for more than $50, he would serve the same amount of time in prison as for murder with malice.

"It just shows the little value they place on someone's life. Jerry gave his life against two years of a criminals life in prison. It's not fair."

Bill, who is the oldest son of a family of five children, said his mother, Mrs. D. L. Cawthon of Childress, was just "sick" over the verdict.

"They put her to bed after she heard the verdict. She was disappointed," Cawthon said.

Mrs. Bill Cawthon and her sister-in-law, Mrs. Wanda Mitchell from Amarillo, sister to Jerry Cawthon, attended the Lubbock trial.

"When we returned Saturday I felt he would get at least 50 years. We were shocked to hear he had received only 10 years," Mrs. Cawthon said, as she shook her head.

What was the reaction of Mrs. Jerry Cawthon, mother of three small children?

"Sharon was sadly disappoin-

Embittered Bill Cawthon, older brother to slain Amarillo policeman Jerry Cawthon studies a story on the trial of the man found guilty of killing Jerry Cawthon in the early morning hours of Jan. 1, 1964. Paul Arredondo of Amarillo was found guilty and sentenced to 10 years in prison. Bill Cawthon, Canyon resident, considered the verdict "too light."

Presidential Primary Set

For the first time in history Saturday Randall County and Texas will be having a Presidential primary.

Both Democrats and Republicans will go to the polls across the state. Four Presidential hopefuls will appear on the Republican ballot.

Polls open at 7 o'clock in the morning and close at 7 o'clock in the evening.

Appearing on the Republicans ballot for President will be Barry M. Goldwater of Arizona, Nelson Rockefeller of New York, Margaret Chase Smith of Maine and Harold Stassen of Pennsylvania.

The Democrats have only one contested race. Marion Bruce is opposed by William Q. Boyce for Democratic county chairman. Both are from Amarillo.

David Matthis, a West Texas State University faculty member, presently holds that office. He is not seeking reelection.

John Kenehan of Amarillo is seeking reelection as Republican county chairman.

The Republicans have only one candidate for county office. He is Leroy Hutton, a farmer, who is seeking the Precinct 1 county commissioner post now held by B. R. Jones.

Jones is seeking reelection on the Democratic ticket.

Seeking reelection unopposed on the Democratic ticket are Sheriff L. S. "Slim" Johnston; Bill Money, tax assessor-collector; and W. A. "Bill" Wilson, justice of the peace, precinct 1.

Four candidates are on the Democratic ballot for governor but only two are considered serious contenders. They are John Connally, the incumbent, and Don Yarborough of Harris County.

Yarborough went into a blistering runoff with Connally two years ago. He has campaigned vigorously across the state this year and made one appearance in Canyon. That was last Friday night.

City Dads Study FD Expansion

A proposed fire department improvement program to span 12 years and involve a capital outlay of $144,872 was outlined for the Canyon city commission Monday night.

Representing the Canyon Fire Department were Fire Chief Bill Sternenberg, Fire Marshall Jack Jennings and Captain Joe Rice.

Plans call for an additional pumper similar to the present Mack pumper to be added to the department in 1966 at a cost of about $27,000.

Land for a substation for the east part of town will be purchased in 1966.

A booster truck to replace the department's GMC is contemplated in 1967. Plans call for building the substation in 1968 at a cost of $25,000. Plans call for purchase of a pumper aerial combination by 1975 at a cost of about $50,000.

The plans are based on a population of 9,631 by 1975.

Jess King of Southwestern Bell Telephone Company discussed fire department alerting systems with the commission. A radio alerting system

'Fair Lady' Tickets On Sale

The long popular musical comedy, "My Fair Lady," is maintaining its popularity with its first appearance on the stage of West Texas State University, according to ticket sales in advance of performances to open May 6.

Like other musicals presented by the WTSU Opera and Musical Workshop for the last four years, "My Fair Lady" is expected to be a "sellout." Nine performances are scheduled May 6-9 and May 12-16, with curtain time each night at 8:15.

Mail order reservations, which started April 6, have been heavy, and box-office reservations opened Monday. Admission is $2.50 for adults and $1.50 for public school students and children. The ticket office in the Fine Arts Building will remain open daily from 11 a.m. until 5 p.m., and reservations may be made by telephone.

A few chairs to be placed in the aisles will be sold on the nights of performances, according to Dr. Crannell Tolliver, head of the speech department. While tickets are still available for all performances, there are fewer left for weekend dates, he said.

The production here at West Texas State marks one of the first amateur performances in the state, and the show here will be one of the most elaborate and expensive shows ever

FOR RAILROAD COMMISSIONER

a BIG MAN FOR A BIG JOB For ALL the People!

(Pd. Pol. Adv.)

by Troy Martin

FROM THE CANYON RIM

An Amarillo boy who had not yet tasted life, died in Viet Nam Sunday before communist machine guns.

Why was he there?

Do we intend to win there?

We think not. We can give our sons when there is a cause for which to struggle, when we know the country will bend every fiber to win.

When we know the cause is great and good we can hear of loved ones who died in its service in sadness mingled with pride. Monday, we read with bitterness of the death of Lt. Ronald Hines at the hands of the Viet Cong in far off Viet Nam.

Does it mean anything to the people of this community that Ronald Hines coughed what was left of his lungs out on the mud of Viet Nam Sunday morning?

To us it is a bone-chilling thing. Every year we sacrifice a few of the best of our young men to the beast of communism.

Every male child born in America is a potential Ronald Hines.

Meanwhile, the beast of the Kremlin smiles. He knows we cannot win a small arms war of attrition against his hordes.

We feel that any time we commit our troops against an enemy, we should commit all this country's resources to win. The soldier should follow the flag and the flag should follow the soldier.

Without this sacred tie between soldier and country there is no future, there is no victory, there is no honor.

Douglas MacArthur was right. In war there is no substitute for victory.

* * *

Certainly the policies of our government for almost 20 years have been policies of no win.

When Ronald Hines was only 14 years old we agreed to an "armistice" in Korea. That was 11 years ago and Americans still are being killed by Reds along the 38th parallel. "Peace" talks continue at Panmunjom after more than a decade.

* * *

Gubernatorial Candidate Don Yarborough, Senator Ralph Yarborough and Texas Farmers Union President Jay Naman have been highly critical of "big" business in speeches here recently.

We have one thing to say to all three of these gentlemen. If the telephone companies, utility companies and chain store firms are making the fat returns these fellows say they are then the stock must be good. Stock in all these companies all are for sale. We suggest these gentlemen buy some.

General Motors is a favorite "big business" whipping boy of demagogic politicians such as the Yarboroughs. General Motors belongs to millions of "little people" all over the country. No single person owns more than a very small percent of the company's stock.

We know at least a half dozen people in Canyon who own GM stock.

In less than two years Paul Arredondo, convicted murder of Amarillo Police Officer, Jerry Cawthon, can walk from the state penitentiary a free man.

Jerry Cawthon will still be dead.

The verdict of the jury at Lubbock expressed an unbelievable contempt for law and order. Surely the lives of men who patrol our streets at night protecting our sleeping families are worth more than this.

Two years from now Paul Arredondo can be back home with his family.

Jerry Cawthon's babies willi still be orphans.

Haley Resigns C-C Position

Chamber of Commerce board of directors accepted the resignation of A. C. "Jack" Haley at the regular meeting Monday.

The board heard an offer by members of the Junior Chamber of Commerce to help with serving and cooking the food for the 75th anniversary celebration to be held in August.

The board also discussed plans to put tourist attraction signs on light poles throughout the city. The signs will be placed on poles on 23rd Street and Fourth Avenue.

They heard a report from the Industrial Committee, headed by H. R. King and Troy Martin.

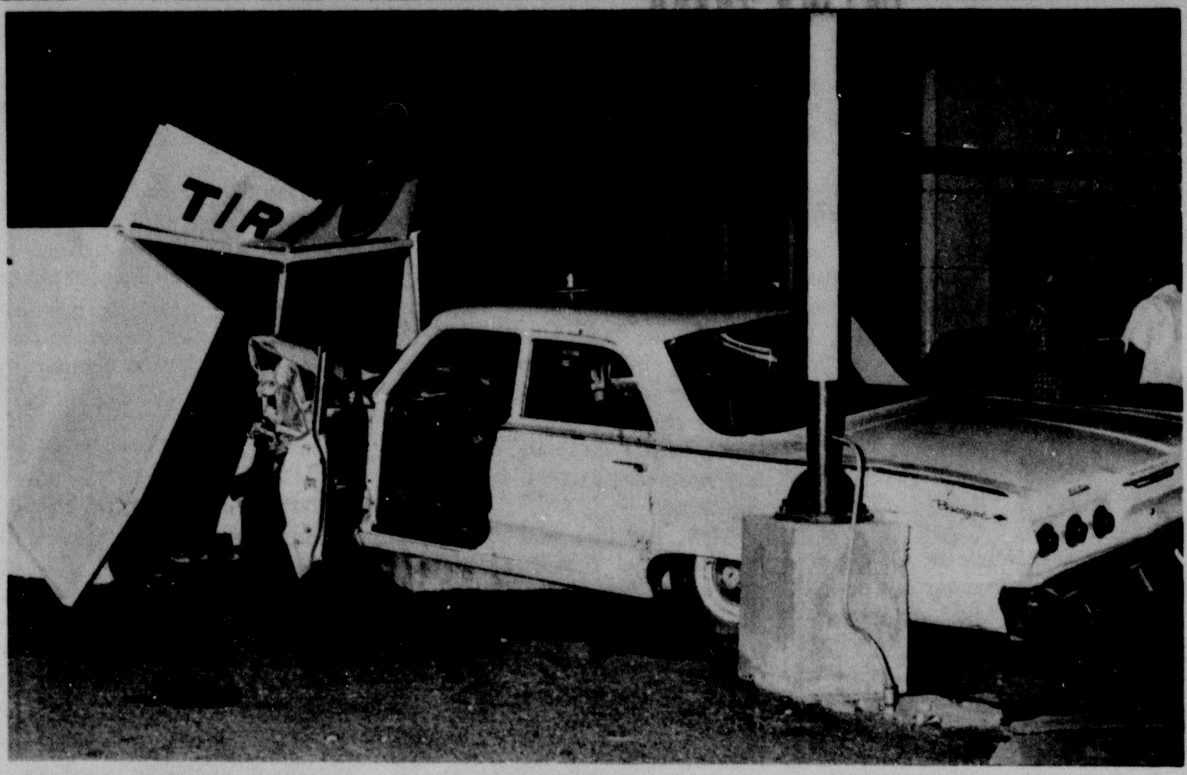
Dr. Hill To Quit Column

Dr. J. A. Hill, president emeritus of West Texas State University, will discontinue writing his weekly column which appears in the Canyon News.

Dr. Hill has written his column for three years, but the column which appears in today's paper will be the last by Dr. Hill.

Most of Dr. Hill's columns which have been printed in the News have dealt primarily with current affairs.

"They have all been mixed with my philosophy. I wrote mainly what hit me at the time," Dr. Hill explained.



CANYON POLICE car received total damage in a two-car accident Friday night on 23rd Street in Canyon. Alan Ratliff, city patrolman, was driving the car pictured when it collided with a car driven by Keith LaFon of Amarillo. LaFon was attempting to make a left hand turn onto Eighth Avenue. Ratliff was chasing a speeder at the time and had all emergency equipment on. LaFon vehicle received approximately $800 worth of damage.

Hilltop Views

BY DR. J. A. HILL

Accumulating years and diminishing energy advise Hilltop Views to go out of business.

"How do I now that my youth is all spent?
'Cause my git up and git has got up and went."

Do not, however, get the idea that the perpetrator of this column is going into complete retirement. He has no intention to sit down by the side of the road, in the umbrage of beautiful trees, listen to the babbling waters from a mountain spring, and wait for the hearse to come by. He has a conscience about how one should spend his last days, as well as his first and all in between. Society is in desperate need of service. The whole world is all but dying for it. What moral right does one have to ignore the sea of opportunities and duties with which he is surrounded?

It may be asked then "Why do you quit writing for the Canyon News?" There are several reasons. 1. To lighten the labor load and get away from deadlines. 2. To enable me during the next few months to have printed the second edition of my little book of quotations called "I Hold the Key or My Success Depends on Me." 3. To permit me to do some personal things that are important to me and mine. 4. If time and energy permit I may record a few personal and official memoirs.

In conclusion I wish to thank Mr. Martin for his invitation to write for the Canyon News. It was an honor I had not anticipated, but which has afforded me considerable pleasure. Certainly it has helped to keep me alert to the world about me and has made for me many new friends. I hope it has also made a few friends for the paper.

And now, to all who have read this column, approvingly or otherwise, Hilltop Views says Au re-voir!

Recent guests in the home of Mr. and Mrs. Buddy Taylor were their son and his wife, Lieut. and Mrs. Wilford Taylor, of Fort Hood, Texas. Mrs. Taylor is the former Miss Bernye Bob Woodward, and while they were here, the Taylors also visited with her mother in Amarillo.

MEANDERING WITH MARGO

We heard of one girl who seemed to be rather confused this week. She was standing at the rear of a crowded elevator, and suddenly, "Take your hands off me, you cad. No, not you, YOU."

* * *

If this town isn't growing, it certainly is trying to. We attended a Chamber of Commerce board of directors meeting last night, and found we weren't the only ones needed at several meetings.

The board could not have a meeting because enough members were not on hand...they were all attending other meetings somewhere else in town.

More tales concerning the duck living at our house.

As several friends have pointed out, rather maliciously, the duck is almost eating size. However, he, she or it has not acquired too many feathers, and the least we can do is have a fully developed duck for dinner.

If a psychologist could get a hold of this fuzzy thing, we feel certain he would say we either provide a poor home environment for the animal, or the duck is just going through puberty. The constant "peep, peep" is gradually changing to a quack.

Guess we will have to find a nice pond for the duck to explore before too long. The cage is just almost too small now.

Arno Nowotony, dean of student life at the University of Texas, was guest speaker at the annual WT All-Sports Banquet Tuesday.

Dean Nowotony was delightful, and kept the more than 300 persons in attendance on the edge of their seats waiting for the next joke. And when the jokes were over, Nowotony made one of the finest talks to the athletes we have heard in a long time.

His sincerity made quite an impression on all who heard him.

And again we congratulate Jerry Richardson on receiving the Kleinschmidt award for football. Kirby Pugh walked away with two outstanding awards Tuesday, the Kleinschmidt award for basketball and the Fighting Heart Award. Jim Ostrander was given the President's Award also.

THE SOCIALISTS' OMNIBUS BILL OF 1963 NOW BEFORE THE SENATE

The American people are being set up for a blow that would destroy their right to determine for themselves how they will live.

What is being piously presented as a humane effort to redress past wrongs—the "Civil Rights" bill—is, in fact, a cynical design to make even the least of us, black and white alike, subject to the whim and caprice of government bureaucrats.

Unless American workers, farmers, business and professional men, teachers, homeowners, every citizen awakens *now*, harsh Federal controls will reach into our homes, jobs, businesses, and schools, into our local and State elections, and into our municipal and State governments.

$100 BILLION BLACKJACK

You should know, through this bill you are to be struck by a $100 Billion Blackjack—almost the total Federal budget. Your tax money is to be used as a weapon against you.

That is the meaning of the Civil Rights bill:

(1) It would amend every Federal law (hundreds of them) that deals with financing so that each Federal department or agency could *make its own* regulations to manipulate Federal funds: Each Federal department or agency would *define for itself* what is "discrimination" and apply its own penalties (Sec. 601-602).

(2) It would empower Federal political appointees—through the use of the blacklist, cancellation of contracts, foreclosure, and other punitive means—to use almost $100 billion a year to force our people to knuckle under to Executive dictation (Secs. 601-602).

You should know this.

TOTAL FEDERAL CONTROL

The bill now pending in the United States Senate would
(a) Allow people to be jailed without trial by jury (Titles I, II, III, IV, and VII).
It would
(b) Allow the government to hold Star Chamber sessions and to imprison those who disclose, without permission, what went on behind its closed doors (Sec. 501).
It would
(c) Deny an *individual* the right to freely seek employment without Federal interference as to race or religion—it would deny this right (Titles VI and VII).
It would
(d) Deny the employer the right to hire, fire, promote and demote without Federal interference as to race or religion—it would deny this right (Titles VI and VII).
It would
(e) Deny to School Boards (public and private) and to colleges the right to determine, unhampered by the Federal government, how their students and teaching staffs should be handled—it would deny this right (Titles IV, VI and VII).
It would
(f) Take from local and State officials their right, without Federal interference
To handle local and State elections (Title I);
To regulate local parks, swimming pools and other recreational facilities (Title II);
To regulate hotels, restaurants, motion-picture houses, stadiums, etc. (Title III); and
To regulate employment practices (Titles VI and VII).

THE MYSTERY WORD: "DISCRIMINATION"

The bill now pending in the United States Senate would:
(a) Allow each Federal department and agency to determine for itself what is and what is not "discrimination" (Titles V, VI, and VII)—the bill, itself, does not define the word.
(b) Allow each Federal department and agency to determine for itself what is and what is not "race" and "religion" (Titles IV, V, VI and VII)—the bill, itself, does not define either word.

Therefore, there would be no uniformity of interpretation. What might be classified as a "discriminatory practice" by one agency, might *not* be so classified by another agency.

OMNIPOTENT PRESIDENT

And always—if this bill becomes law—there will be the Omnipotent President or his appointees to rule, thumbs up, thumbs down. Sometimes, yes. Sometimes, no.

Only a Dictator has such prerogatives.

It follows, then, under the Socialists' Omnibus Bill—misnamed the Civil Rights Bill—those who enjoy political favor may expect political favors. Others may expect something else.

Such is the significance of the bill now pending in the United States Senate: It would establish the Rule of Man and abolish the Rule of Law.

Six members of the House Committee on the Judiciary, each an attorney and each an expert in this sort of legislation, have said: "The reported bill is not a 'moderate' bill and it has not been 'watered down'. It constitutes the greatest grasp for executive power conceived in the 20th Century."

If you wish this bill defeated, you can defeat it: Write your Senators, both of them. Write them, now, today, and tell them you oppose it. Tell them why.

There is no other way. If you want this bill stopped, write your Senators, now, and tell them so.

Within The Coverage Of This Bill Federal Inspectors Would Dictate To— *

1. Handling of pupils.
2. Employment of faculties.

DICTATORIAL ATTORNEY GENERAL

This bill would make the Attorney General a virtual dictator of America's manners and morals. It would grant him unprecedented authority to file suits against property owners, plain citizens and State and local officials, even though the supposed grievant has not filed suit. The Attorney General would become the grievant's lawyer at the taxpayers' expense. The bill grants to the Attorney General—

(1) The unprecedented power to shop around for a judge he prefers to hear a voting suit (Title I).

(2) The right to sue an owner of public accommodations *before* the owner is *accused* of a "discriminatory practice" (Title II).

(3) To sue State or local officials concerning public facilities, without an individual having filed suit (Title III).

(4) To sue local school boards, although no suit has been filed by any school child or other person (Title IV).

Last fall, when broad authority to sue in Civil Rights matters was first proposed, the Attorney General said: "Obviously the proposal injects Federal executive authority into some areas which are not its legitimate concern and vests the Attorney General with broad discretion in matters of great political and social concern."
This bill falls within that condemnation.

FOR GOOD CONSERVATIVE GOVERNMENT VOTE FOR MARION BRUCE

FOR DEMOCRATIC CHAIRMAN, RANDALL COUNTY

GOVERNMENT IS JUST AS GOOD AS THE MEN WHO PARTICIPATE IN IT.

I THINK LOCAL GOVERNMENT IS THE MOST IMPORTANT PLACE TO START. WE NEED GOOD COUNTY CHAIRMEN IN THE POLITICAL PARTIES JUST LIKE WE NEED GOOD COUNTY JUDGES AND COUNTY COMMISSIONERS.

I BELIEVE THAT EVERY MAN SHOULD SERVE A CERTAIN TIME IN HIS POLITICAL PARTY AND IN THE PRODUCTION OF GOOD GOVERNMENT.

WE CAN HAVE GOOD ELECTIONS ONLY SO LONG AS WE HAVE GOOD ELECTION MACHINERY. THE ROLE OF THE COUNTY CHAIRMAN IN A POLITICAL PARTY NECESSITATES KNOWING A GREAT DEAL ABOUT THE TEXAS ELECTION CODE, AND APPLYING THE CODE FAIRLY AND HONESTLY AT THE PRIMARY ELECTIONS LEVEL.

I AM WILLING TO ASSUME THIS JOB AND I SOLICIT THE VOTE OF EVERY DEMOCRAT IN RANDALL COUNTY.

REPUBLICAN FOR SENATOR

BEST QUALIFIED TO BEAT YARBOROUGH!

(Pd. Pol. Adv.)

Primaries. . .

(Continued from Page 1)

Also on the Democratic ballot for governor are M. T. Banks of Jefferson County and Johnnie Mae Hackworthe of Washington County.

Jack Crichton of Dallas County is unopposed for governor on the Republican ballot.

Another scorching race on both tickets is that for the US Senate seat presently held by Ralph W. Yarborough. Yarborough is opposed on the Democratic ticket by Gordon McLendon of Dallas County.

Yarborough and McLendon have hurled charges and counter charges at each other throughout the campaign.

"It is just hard for us to understand why a man who kills a law enforcement officer can be set free on such a light sentence. He will be roaming our streets again in two years or less, and what can we expect next time?" Cawthon said.

"If this is justice then our value of human life is distorted and my brother died in vain trying to enforce the law and protect the innocent."

also is being discussed.

The commission talked about city trash problem. People in the vicinity of the dump ground have been distressed by the problem of blowing trash.

VFW road was littered with debris, boxes, paper and other trash this week. City Manager Dewey Bryant this week assured the public that the problem would be met.

"We're going to treat that road as though it were another city street," Bryant declared, pledging the city to do something about the littering problem there.

Bryant said the city rule against trash burning within the city has necessitated taking more paper to the dump ground, thus increasing the problem. He said that the fact that there has been less trash burning in the city has lessened the number of city fire calls appreciably.

He said the Pac-Mor apparatus of the sanitation department is about worn out and will be replaced this year. He also noted that the Dempster Dumpster used to transport trash to the dump ground just drops it and it blows. He also said the dump ground is filling up.

"It must be and will be improved," Bryant declared.

Griffin Truck Stop was awarded the city contract to supply ethyl gasoline at 15.63 cents per gallon. American LaFrance was awarded a contract to supply a fire hose washer at $875.

A two-ton truck was purchased from Jess Ford at $2639. It will be used to haul Dempster Dumpster units. A police car was purchased from Imperial Chevrolet at $2399.10. It is equipped with an automatic transmission.

In other business, Paul Lindsey was reelected mayor pro tem.

Consumers Fuel & Elevator Association are shown here with men who spoke at the firm's 35th annual stockholders meeting. From left in the front row are Emil Olson, association president; Tom Jones, Southern Farm Supply; and Frank Phariss, Producers Grain Association. In the back row are Bill Nelson, Grain Sorghum Producers Association; and Bill Patke, association secretary.

Consumers Holds 35th Stockholder Meeting

Three men were returned to the board of directors of Consumers Fuel & Elevator Association Tuesday night at the 35th annual stockholders meeting of that firm.

They are Bradley Burrus, Ralph Ruthart and Newton Crain.

The more than 100 persons who attended the meeting heard a report from Manager Arnold Prichard and talks by three visiting speakers.

Prichard introduced Albert Byars who was a member of the firm's original board of directors.

Tom Jones of Southern Farm Supply said votes on Civil Rights were traded in Congress for votes to get a farm bill. He declared that when we "swap off our rights or liberties we're trading blood for bread."

He questioned the constitutionality of the civil rights bill. Jones called on farmers to use better business and buying practices.

He announced that a Southern Farm Supply ammonia plant will hold open house near Plainview May 23.

Frank Phariss, Producers Grain Corporation, said farmers are fortunate to have a program. He said that reapportionment of congressional districts may give rural America less voice than ever in the hall of Congress.

"We must have a program of some type," he declared.

Phariss said there is confusion in Washington over what farmers really want.

He advised his listeners not to depend on farm organization to voice their desires in the nation's capitol, but to write directly to their congressmen.

"Sometimes they misrepresent, rather than represent you," he declared referring to farm organizations.

Bill Nelson of Grain Sorghum Producers Association explained the work of his organization.

Stockholders voted for their firm to participate in GSPA by contributing 2 pounds of grain sorghum for every 1,000 pounds handled by the elevator.

This amount will not be taken from the individual's grain but will be carried as an expense by the elevator, Prichard explained.

Emil Olson, president, presided over the meeting. Bill Patke is secretary.

Letter To The Editor

Mr. Troy Martin
Publisher of Canyon News

Enclosed is an article from Saturday's Amarillo News. I feel sure you read it but I have marked some parts of it for special consideration.

When I was pleading for the authorities to spare the nine trees they planned to cut down to make parking space in Canyon, I was told I belonged to horse and buggy days and that I was standing in the way of progress. I do not deny that in some ways I belong to horse and buggy days, but I insisted then and still believe I was on the side of progress. I never pass on the North Side of the Court House square that I do not rejoice that the trees were spared. I believe many others feel as I do.

Richardson, Pugh Get Kleinschmidt Awards

Jerry Richardson proudly walked to the speakers stand Tuesday night to accept the Wes Kleinschmidt Award for football.

Kirby Pugh followed to receive the Kleinschmidt Award and the Fighting Heart Award in basketball.

Jim Ostrander was the final WT athlete to the head table. Ostrander, WT senior, was awarded the President's Award in football.

The three young men, along with all athletes at WT, were honored guests at the annual All-Sports Banquet held on the university campus.

Honorary captains for the closing season were named by head coaches Joe Kerbel and Jimmy Viramontes.

Ollie Ross and John Varnell were picked as football captains. Scottie Pierce and Kirby Pugh were chosen as cage captains.

The Wes Kleinschmidt Awards, given to senior halfback Richardson of Canyon, and forward Pugh from Abilene, are presented annually to the players considered the most valuable in football and basketball. Kleinschmidt, who established the trophies in 1936 for football and 1939 for basketball, made the presentation.

Dr. James P. Cornette presented Ostrander, end from California, with the President's Award. The selection was made by secret ballot of the varsity football players and members of the coaching staff.

The Fighting Heart Award, presented to Pugh, was awarded by the Canyon Rotary Club. Bill Davis, president, made the presentation.

The Fighting Heart Award was established to honor the player who contributed the most to the overall team effort, and include considerations of leadership, character and scholarship.

Major General Dwight O. Monteith, Commander of Amarillo Air Force Base, served as master of ceremonies for the banquet.

More than 300 persons heard the main address by Arno Nowotony, dean of student life at University of Texas.

Nowotony, who was introduced by Dean Mitchell Jones of WT, told the athletes the best education from college was working and playing with the coaches and teammates.

"You get one of the best educations of your college career on the field with your teammates," Nowotony said.

"In life it is not the triumph, but the struggle, not the win, but the hard fight, not the star, but the well-played game, that makes the man," he continued.

Nowotony said athletes learn moral toughness. They lean to do what is right, and to build confidence in their stand.

"Men like you must reach for stars, which you may not be able to see. But you must struggle for the highest. You are our flag; the symbols of emotions and loyalties. We can point to you and say, You are true WT men," he said.

"Give your best to West Texas, and it will come back to you," he concluded.

Dr. J. A. Hill gave the invocation for the banquet and Miss Linda Files gave the entertainment.

COUNTY AGENT'S COLUMN

The 1964 Wheat Program

Wheat growers must sign up and fulfill other requirements in order to be eligible for maximum program benefits.

Price support loans will be at $1.27 per bushel in Randall County. Certificates will be worth 70 cents and 25 cents per bushel.

A grower who grows less than his allotment enjoys the advantage of drawing first his high-value certificates. Those he foregoes are the cheaper ones.

If there are wheat growers who are overplanted, they may want to consider participating in the program. Some of those who are not overplanted may want to consider further diversion.

* * * * *

While the "harvest of dryland" wheat by drouth continues, the irrigated acres look very promising. An estimated 20,000 acres of irrigated wheat could well reach or even exceed the 35 bushel per acre yield.

* * * * *

Irrigation farmers are finding themselves up against a real problem as dry days continue. The wells have been kept busy supplying moisture to the thirsty wheat long after the time when pre-plant irrigation for grain sorghum should have started. Most farmers do not pump enough water to do both jobs. They have no choice but to stick with the wheat and hope for rains to care for the sorghum needs or to leave the wheat in this stress period and prepare for the crop to be planted soon. This is not an easy decision to make.

* * * * *

May usually ends the cattle feeding period for Randall County cattlemen but not so at this time. Soil temperatures are now high enough to start range grasses on their summer growth but the soil moisture is too low for much growth to take place. The ranges are taking on the green color but new grass will have to wait on the rains. Feeding cattle will continue until this happens.

Mother Of Mrs. Miller In Accident

Mother of Mrs. Carl Miller was critically burned Sunday near her home in Maple.

Mrs. Garvin Long, 44, was flown to Galveston's John Sealey Hospital Sunday morning following an accident which occurred Saturday evening.

Mrs. Long was apparently cleaning a chicken house near her home, when the small house was rocked with an explosion.

Doctors in Galveston said she received third degree burns on more than 30 percent of her body. Thirty to forty percent of her body was covered with first and second degree burns.

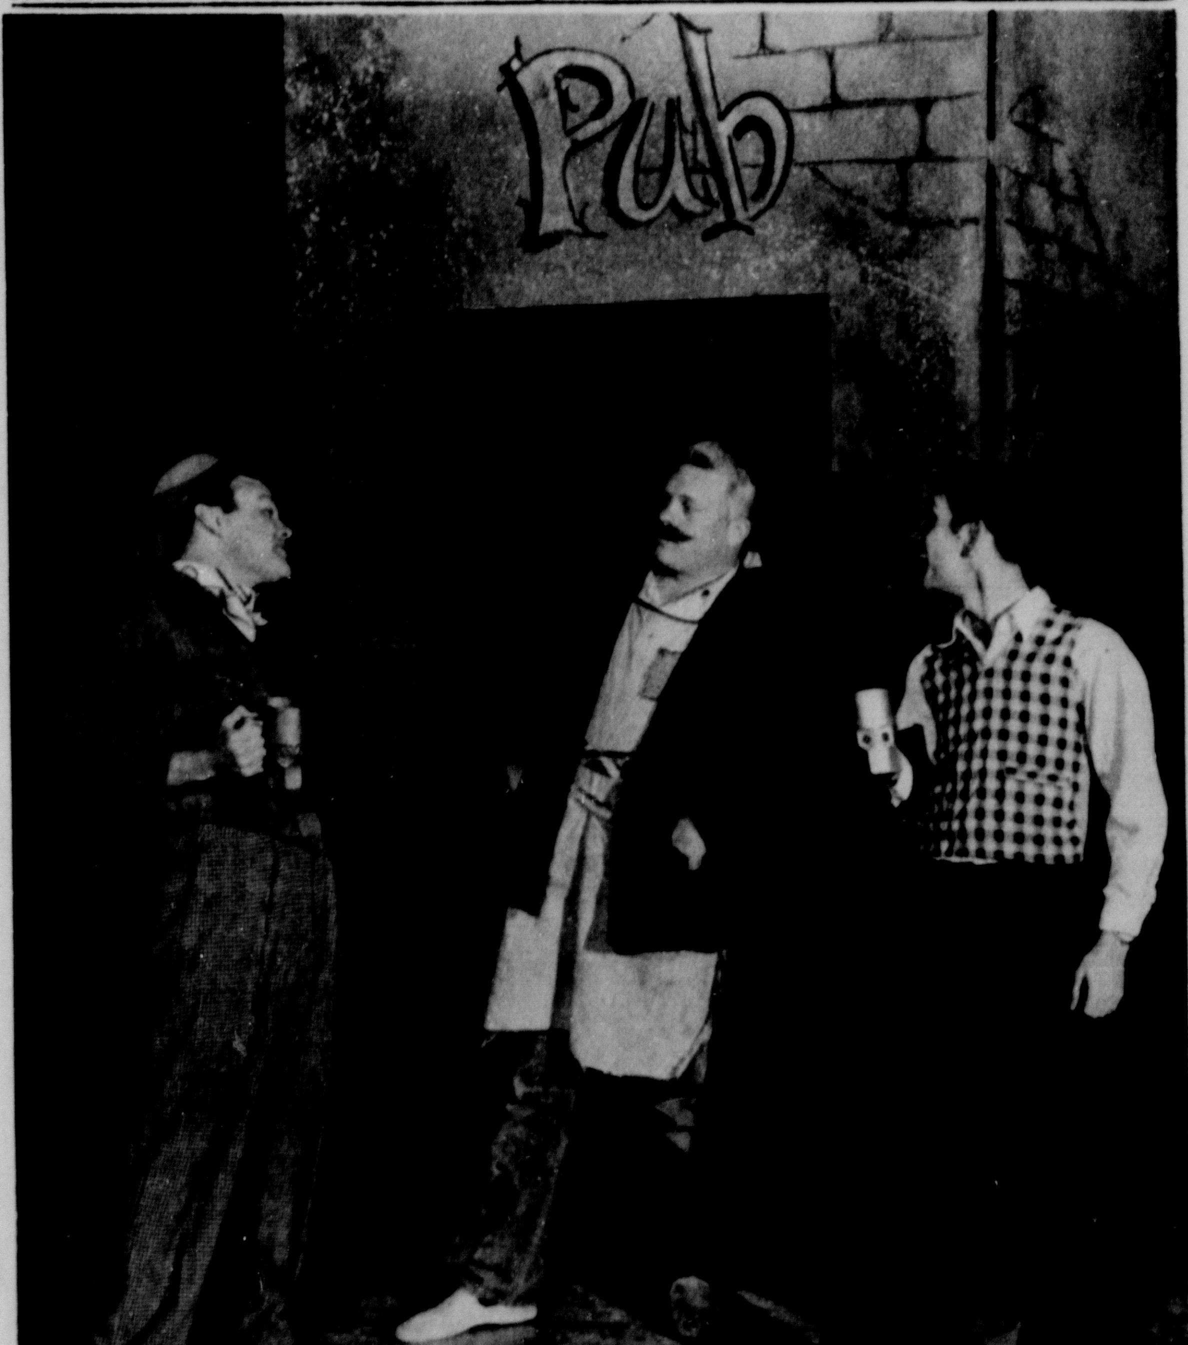
Mrs. Miller, who returned Wednesday morning from Galveston, said her mother was in fair condition. Mrs. Long was taken by ambulance from Maple to Lubbock. She was then flown to Galveston from Lubbock.

While in the Galveston area Monday and Tuesday, Mr. and Mrs. Miller visited with her aunt Mrs. Frank Robertson and her grandmother, Olja Long.

The Millers also visited with Mr. and Mrs. Ronald Lacy, former Canyon barber.

Members of the Canyon Junior Chamber of Commerce and the Circle K clubs will send blood to Mrs. Long this week. Blood will be needed in future operations scheduled for the woman.

Mr. and Mrs. Tommy Hunter and children and Mrs. E. R. Coleman have returned from Seymour where they visited recently in the homes of relatives.



Alfred Doolittle, played by Jerry Ballew of Amarillo, left, hears about his daughter's good fortune at a pub, where he drinks with Jamie, right, played by Gary Brundige of Corpus Christi. They chat with the bartender (Wayne Hughes of Dumas) in a scene from "My Fair Lady," popular musical which opens May 6 at West Texas State University. Reservations may be made through the WTSU speech department for the performances which close May 16.

MEADE MICHAEL finds a bidder as he auctions off pies, cakes, clothing and many "white elephant" articles which were donated by businessmen in Canyon for the Canyon bands. The White Elephant sale was held behind the courthouse Saturday morning, and money raised was used by the bands on plans for a trip to the Tri-State Band Festival and other band activities scheduled for this year and next fall.

Band Parents Bring In $244

Sales from the auction staged by the Canyon Band Parents Associaton last Saturday morning totaled $244, according to W.H. Hobbs, association president.

This total includes sales from pies and cakes sold, and also the white elephant sale which was held. The band was also given the concessions for the elementary band contest held at the high school the same morning, and netted $165 from that.

The mystery drawing was won by Debbie Wirt. Meade Michael served as auctioneer for the event which began at 10 a.m., and lasted till noon.

All proceeds were used to send the high school band to the Tri-State Festival in Enid, Oklahoma, being held today through Saturday.

Contributions, both money and merchandise, were made by several Canyon business firms including Byrd Pharmacy, Jenning's Mens Wear, Thompsons Hardware, Sternenberg Lumber Company, McDonald's Shop, White's Auto, Cooper's Market, Burrow Lumber Company, T.A. Black Dry Goods, Canyon Drug, Haley Printing, Cheatham's Mens Wear, M. E. Moses, Canyon Auto Parts, and Jenning's Dress Shop.

Waco Judges Help Appeals Court Here

The Texas Supreme Court, apparently feeling that the docket of the Seventh Court of Civil Appeals in Amarillo is overloaded, has directed the 10th Court of Civil Appeals in Waco to lend a helping hand.

Two members of the Waco court are in Amarillo today hearing oral arguments in the cases alloted them. The two judges are Chief Justice Frank G. McDonald and Associate Justice Frank M. Wilson.

The Texas Supreme Court in equalizing the dockets of the civil appeals courts in the state has assigned 13 of the appeals filed in Amarillo to the Waco court.

Under statute the cases must be heard in the court in which they are filed. For this reason the Waco judges are hearing arguments in Amarillo.

Elmo Payne, clerk of the Amarillo court, says the Amarillo judges heard oral arguments in nine cases on April 6-7 and currently are working on their decisions in those cases.

The Seventh Court of Civil Appeals in Amarillo encompasses the largest Supreme Judicial District in the State of Texas--with 46 counties, Payne explained.

Big Business Flayed By SpeakersAt Rally

A small gathering at a six-county political rally here last Friday night heard two speakers blast big business.

Don Yarborough, Democratic candidate for governor, zeroed in on utilities, especially the telephone companies of Texas.

Target of Jay Naman, president of Texas Farmers Union, was the chain stores. The political rally was sponsored by Randall County Farmers Union.

Yarborough said it costs 40 cents more for a telephone call from Houstón to Texarkana, Texas than it does for a call from Houston to Texarkana, Arkansas.

"I have come out for a public utility commission to protect the little people from excessive rates," the candidate declared. "We've being taken to the cleaners because there is no regulation in Texas."

Yarborough tongue-lashed Governor John Connally.

He said the present governor has pushed through legislation for tax reductions of $20 million for special interest groups. He named the sulphur industry and "other out of state" groups as receipients of this windfall.

He said the governor got some of this $20 million back by putting a sales tax on work clothes. He accused Connally of being in favor of putting a general sales tax on farm implements and declared that the governor has "knocked" the vocational agriculture programs in Texas schools.

Yarborough said "loan sharks" now may legally collect interest rates up to 320 percent.

"This is the highest legal interest rate in the history of the world," Yarborough declared.

Yarborough said he would fight for a state utility commission. "Every other state in the US is regulated," he declared.

Speaking briefly were County Commissioner Glenn Dowlen, running unopposed for reelection, and Sheriff L. S. "Slim" Johnston, also running unopposed.

Naman lashed chainstores as chief villan of the depressed beef price delimma.

Naman gave the following breakdown of what he said caused the price depression of dressed beef.

He said imports is responsibile for 50 cents of the $7 drop. He blamed $2.50 of the drop on a build-up of livestock. He said the other $4 of the drop was caused by "price-fixing, monopoly and concentration of too much buying power in the hands of a few."

He said chain stores are producing their own beef and using their ability to do so as leverage on the market. He displayed a chart showing what he said was chain store influence on the market.

Naman said the Farmers Union wants an investigation of the entire food distribution industry as to price-fixing, restraint of trade and monopoly.

He accused newspapers of being in collusion with chain stores.

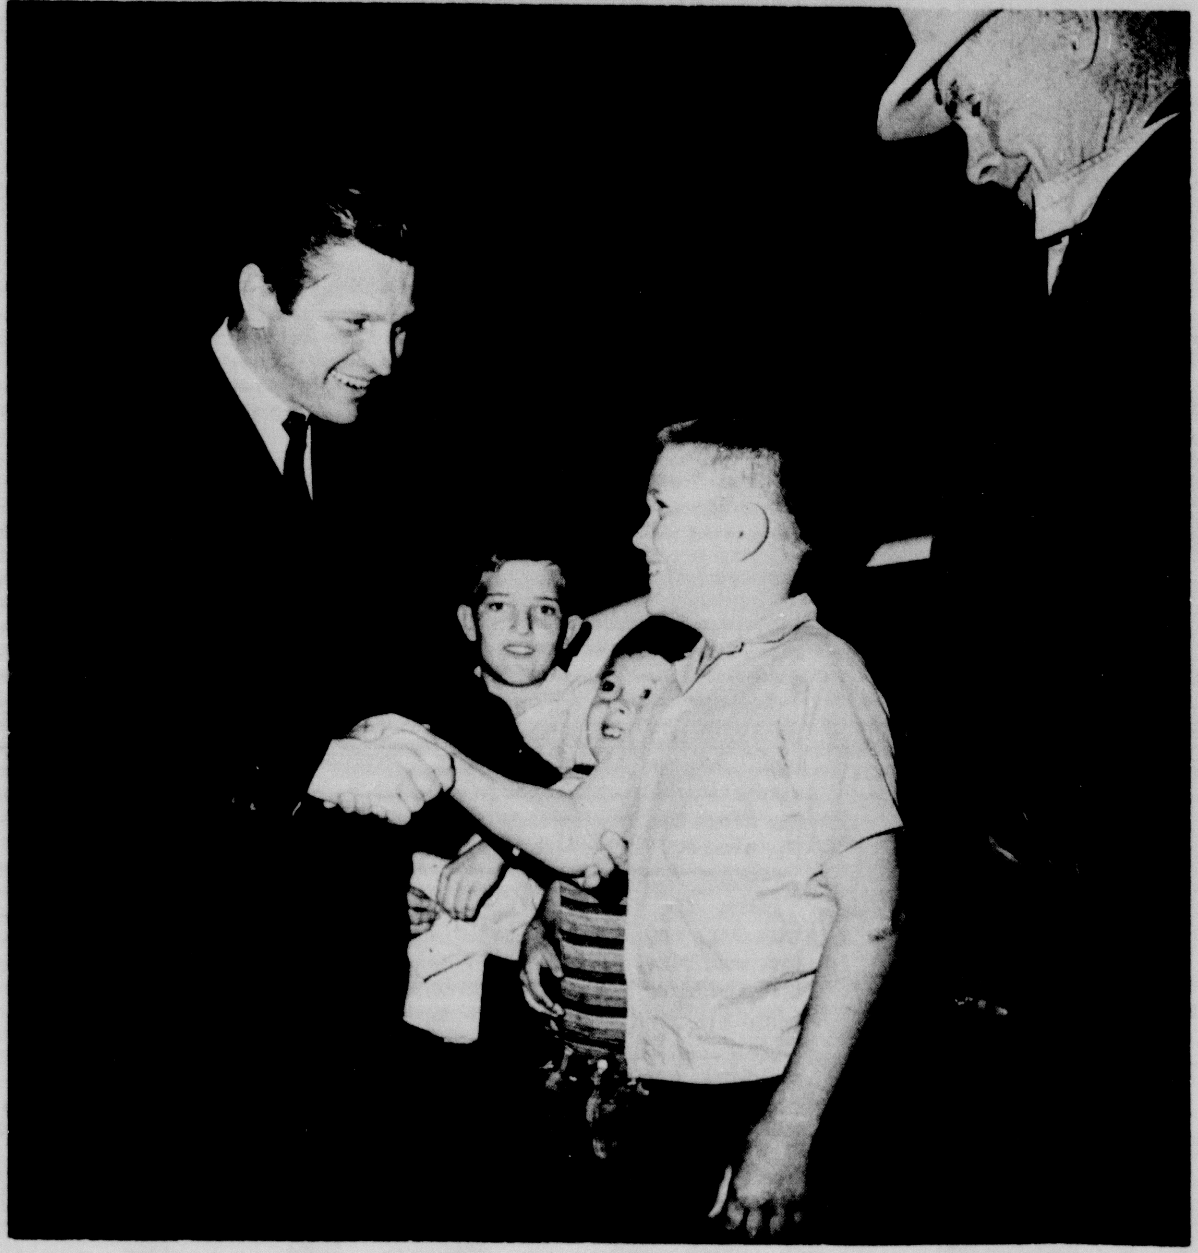
"Chain store people have a powerful lobby and they carry a great deal of advertising in newspapers," he said. "They have a great deal of influence."

Naman said the recently enacted wheat and cotton bill was not what Farmers Union wanted but that Farmers Union settled for it because nothing better could be obtained.

By implication he slashed at the Farm Bureau.

"Had we had support of all farm groups we could have put substantially more income into the bill," Naman declared.

He said the program will mean about $1 1/2 million to the farmers of Randall County. He said the bill narrowly passed in Congress and then took news media to task because he said the determination was made with "very little comment."



Don Yarborough is shown here shaking hands with youngsters at the political rally held here last Friday night. From left are Phil Surratt, Robert Schaeffer and Klaus Schaeffer. Looking on is Luther Willis.

"This bill was not what we wanted," Naman declared. "Farmers deserve 100 percent of parity."

In an earlier interview with The News, Naman said agriculture must use government as a tool in distribution of its products.

"We have no control over distribution of our products," he said, "Therefore, we must depend on some type of artificial regulator."

"Farmers over the nation do not have sufficient common ground to get together and agree on production management," he continued. "We have to have some agency, which in this case is government, to help act as a regulator so the forces of supply and demand will work in the interest of the farmer rather than against the farmer.

Naman said that without government controls this country would have corporate socialism in agriculture. He said that right now half the beef sold in this country is sold by five chain store outfits

He said federal farm programs insure continued private ownership of agriculture.

Naman said it is foolish to talk of competing on the world market. He said American agriculture cannot compete on the world market without lowering the nation's standard of living.

On labor, he had this to say, "We want to cooperate with organized labor in an effort to get good farm programs. They are our best customers."

This was in response to a direct question on Farmers Union relationship to organized labor. Jim Patton, president of National Farmers Union, recently was on television in this area campaigning against the proposed Oklahoma right to work law.

On the right to work law, Naman said, "I am against it,"

He said Texas farmers do not use enough hired labor to warrant farm labor ever organizing.

Any minimum wage for farm labor would have to be tied to parity prices for farm products, he declared.

Acting as master of ceremonies for the political rally Friday night was Ted Springer, Amarillo, Farmers Union insurance agent. At the head table was James Lamb, president of Randall County Farmers Union.

Candidate Yarborough was introduced by Mike Garmon of Amarillo. Garmon is Yarborough's campaign manager in this area.

SPRING, FLOWERS AND CHILDREN seem to go together in Canyon. These twin daughters of Mr. and Mrs. Gary Jones of Canyon are shown looking over the garden of their grandparents, Mr. and Mrs. Bill Downing. April and Melissa are trying to tell our readers to attend the annual Canyon Garden Club Flower Show this Sunday.

Garden Club Flower Show Highlights Spring Sunday

Flowers and spring will be highlighted with a gigantic floral show of the Canyon Garden Club Sunday.

The fourth annual flower show for the Canyon Garden Club will be staged in the all-purpose room of Rex Reeves Elementary School on May 3 from 3 until 6 p.m.

"Gardening Through the Year" will be the theme for the floral exhibit according to Mrs. K. E. Hines, flower show chairman. Any amateur flower grower, who adheres to the show rules, may enter the event which will be judged by members of out-of-town garden clubs.

All flower exhibits must be entered in the show through the entries committee, Mrs. Bill Downing, chairman. Mrs. Downing stated that the show room will open at 8 a.m. and all exhibits must be placed by 12:30 p.m. Exhibits brought later than 12:30 will not be in the competition.

Judging will begin at 1 p.m. with only the judges and necessary officials allowed on the exhibit floor during the judging. The exhibits must be labelled upon entry by the entries committee and personal property, such as vases or pots, must be labelled with owner's name.

Mrs. Joe Franks, chairman of the awards committee, says that a total of 100 points per exhibit will be the basis for judging with the following ratings being possible, design 25, interpretation 20, color 15, relationship 15, distinction 15, and condition 10.

The show will include two divisions, one in artistic design and one in horticulture. Entrants in artistic design will have classifications for fall, winter, spring, summer, and vacation time and class titles may be interpreted literally according to the rule list.

In the horticulture division cut specimens of iris, annuals, bulbs, roses, begonias, geraniums and many other flowers will be entered in varied classifications. Space for educational exhibits and state conservation plants will be arranged if space allows according to Mrs. Hines.

A complete listing of rules may be obtained from members of the Garden Club and special chairmen of various divisions.

The affair was given at McCaslin Hall in the ballroom with Miss Nancy Hines in charge of arrangements, assisted by Mrs. Alfred Woods.

Approximately 80 attended the buffet which was served from a table covered with a white linen cloth, and centered with a floral arrangement of turquoise and white.

Girl Wins Third In Bible Drill

Phyllis Hunnicutt has returned from Beaumont where she placed third in the state finals of the Baptist Bible Sword Drill. Phyllis is a daughter of Mr. and Mrs. Lawrence Hunnicutt of this city.

The state contest was held at 2 p.m. Friday afternoon, and leaders and delegates from the First Baptist Church attended. A state training union conference was also in session during the weekend.

Miss Hunnicutt won the district honor at a recent competition in Amarillo to represent the Panhandle in the 13-year-old division. The contest competition is based on unfinished quotations from the Bible, Bible characters verses and doctrinal questions and is a timed event. Harry Tyson, WTSU student, was the coach.

Accompanying Miss Hunnicutt were Miss Martha Low, Mrs. Bob Harty and children, and Mrs. Harold Jay Prichard and sons.

Mrs. Harty and her children visited with relatives in Dallas, and Mrs. Prichard and her boys went on to Corpus Christi to visit before returning to Canyon.

MRS. DONALD KIEVIT is homemaker of the week, and shares her recipe for Old English Pasty with our readers. Mrs. Kievit's husband is a retired Army colonel, and the family has spent several years in Japan and Germany. They live in a hilltop home east of Canyon, just south of the Palo Duro Highway.

Old English Pasty Favorite Recipe Of D.J. Kievit Family

Mrs. Donald J. Kievit, mother of five, shares her recipe for Old English Pasty with our readers this week.

Mrs. Kievit is a native of Michigan and has only recently become a Texan. She is the wife of a retired Army colonel and has spent several years abroad as a service wife.

Since retiring, the Kievit family has purchased a hilltop home east of the city just south of the Palo Duro Hi-Way, and Mrs. Kievit spends a lot of time landscaping the immense lawn area.

The Kievit's still have three children at home who are attending Canyon schools. Karen is a sophomore at the high school and participates in the Rainbow Girls as well as foreign language clubs at the school. She attended school in Japan where James, currently an 8th grade student, started to public school.

David, a second grade student at Rex Reeves Elementary School, is the youngest of the Kievit's children. They have a daughter, Jaydene, who is a registered nurse at Guymon, Oklahoma. Jaydene and her husband, Richard Matthis, have one daughter.

The Kievit's other child, Donald, is a cadet at West Point Academy since his graduation from Tascosa High School.

"Don co-ordinated and planned the reserve training program for the Panhandle before his retirement from the Army," comments Mrs. Kievit. He also served as a R.O.T.C. instructor in Nebraska and Michigan for four years each.

During his tour of active duty, the Kievit family lived in Germany and Japan for several years and Mrs. Kievit stated that in 1945 when he was enroute home from World War II that he was picked up mid-way across the ocean and returned to Germany in charge of the occupation and beach clean-ups.

"Life itself is a treasure of mine, moving and losing priceless treasures of the family don't bother me now," she says. "When we first started our life of moving, it upset me to lose articles and to have them broken."

The Kievit family now owns and operates a Hobby House in Canyon. They are active members of the community with Mr. Kievit being a member of the Kiwanis Club and a former member of the Canyon Garden Club. Mrs. Kievit is secretary-treasurer for the Garden Club and a member of the Woman's Book Club.

She spends her spare time sewing, knitting, crocheting, and refinishing furniture. An active homemaker, Mrs. Kievit is also the "family handyman" and repairs windows and does a lot of remodeling around their home.

From her collection of recipes Mrs. Kievit shares a family favorite Old English Pasty which is a meal in itself and used to be the carry lunch for miners in England. "It will stay hot for about two hours when wrapped in a linen napkin, and is never wasted because the extras can be frozen and reheated in foil. They're also good to take on long trips, or to picnics," says Mrs. Kievit.

Old English Pasty
3/4 pound round steak, diced
1/2 pound lean pork, diced

Dice both meats into small cubes and place in large mixing bowl. Top with the following vegetables dicedfine:

3 potatoes
4 carrots
small rutabaga or turnip
1 large onion, chopped extra fine

Combine meat and vegetables into a large mixing bowl, stir together. Set aside in refrigerator, cover with plate, saran, etc.

Mix the following batter:

2 cups flour
1/2 cup shortening
1 tsp. salt
1/3 cup cold water

Blend. Roll as for pie, in six portions. Onto the lower half circle spread the meat-vegetable mixture, salt and pepper to taste. Add 1 tsp. butter over meat in dots. Make vent holes in top batter and spread over, crimping edges.

Place on baking sheet and bake in 375 degree oven, one hour, or until crust is a light brown.

Serve with ketchup, tossed salad, radish roses, or other relish plate. Pasties are filling and need only a vegetable accompaniment, and a light dessert. Recipe serves 6.

Weekend guests in the home of Mr. and Mrs. Ray Hawkins were Mr. and Mrs. R. L. Fletcher of Slaton. Mrs. Fletcher is a sister of Hawkins'.

Chamber Of Commerce Corner

The Chamber of Commerce is still trying to work for a better Canyon and Randall County. We are approaching our 45th Anniversary and have over doubled in growth during the last twenty years. Many people now retiring have worked hard the last 40 years to accumulate enough to subsidize their social security and then not live long enough to enjoy it.

In spite of our growth and progress, I still run into a few, (and I guess everyone does) who growl and complain because they are not rich or because we haven't built our town up to 20,000 people overnight. Rome was not built in a day and neither can Canyon be built in a day. In most cases these complainers have done nothing to further our development and do not help support our organization. I will say this, if you can't smile, you've got no business in business or working for a business. Neither can you build something up by talking against it; nor blame the other person for your own faults. Keep growling and pretty soon you won't have a business.

It seems that too many people continue to live in the metallic age when we have already entered upon the space age. In the metallic age it was not unusual to find a man who had gold in his teeth, silver in his hair and lead in his pants. Many a fellow who thought he was a live wire was dead when he lost his connections. Then there were those like the salesman who lost his job and whose wife divorced him at the same time and for the same reason. He could not take orders. Selling has become a talent and today a really good salesman is one who can put on so much pressure that the customer gets the bends. The man who suceeds in business must be awake. This reminds me of a story I recently read: In a section of a large city where there were a number of hotels and struggling restaurants, one enterprising concern displayed a large electric sign bearing this information, "OPEN ALL NIGHT". Nearby was another restaurant and soon a sign appeared over its door reading, "WE NEVER CLOSE". Nearby was a chinese laundry is a small and run down building. In keeping with the spirit of his neighbors he also put out a sign in large, scrawling letters, "ME WAKEE, TOO". If you want to get along well you must be awake and alert. The main reason we have trying times in business is that too many people stop trying.

A good citizen is a working citizen--one who does something worthwhile for his community. The Chinese sage, Confusious, had this to say: He who sits on end not always upright citizen. If we want progress and a good community in which to live, we should anticipate the future instead of waiting for trouble and unfavorable conditions to develop before we try to correct the causes. This attitude is like that of a father of three boys who never punished them. If there was some trouble around the house and the father didn't know which one of the boys was responsible, he never tried to find out the guilty one. He just sent all three boys to bed that night without their dinner. The next morning, he knew that the one with the black eye was the guilty party.

In our community, as elsewhere, people may be divided into three groups. First we have those few who make things happen. Then we have a larger and interested group who watch things happen. Finally we have the overwhelming majority who have no idea what has been happening. In some communities people are so unfriendly that the only time a person ever gets to see his neighbor is when he takes him into court. In order to be a good person and neighbor, it is necessary that we all learn to get along and work together.

I would like to read these following words of wisdom written by a Mr. Wilfred Peterson. The subject is "The art of getting along."
It is as follows:

"Sooner or Later, a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take. He learns that it doesn't pay to be a too sensitive soul; that he should let somethings go over his head like water off a duck's back. He learns that he who loses his temper usually loses out. He learns that all men have burnt toast for breakfast now and then, and that he shouldn't take the other fellows grouch too seriously. He learns that carrying a chip on his shoulder is the easiest way to get into a fight. He learns that the quickest way to become unpopular is to carry tales and gossip about others. He learns that buck-passing always turns out to be a boomerang, and that it never pays. He comes to realize that the business could run along perfectly well without him. He learns that it doesn't matter so much who gets the credit so long as the business benefits. He learns that even the janitor is human and that it does no harm to smile and say "Good Morning"; even if it's raining. He learns that most of the other fellows are as ambitious as he is, that they have brains as good or better, and that hard work, not cleverness is the secret of success. He learns to sympathize with the youngsters coming into the business, because he remembers how bewildered he was when he first started out. He learns not to worry when he loses an order, because experience has shown that if he always gives his best, his average will break pretty well. He learns that no man ever got to first base alone, and that is is only through cooperative effort that we move on better things. He learns that bosses are not monsters, trying to get the last ounce of work out of him for the least amount of pay, but that they are usually pretty good fellows who have succeded through hard work and want to do the right thing. He learns that folks are not any harder to get along with in one place than another, and that the "Getting Along" depends about ninety-eight per cent on his own behavior."

I will close with this thought: THE WORLD GETS ALONG LOTS BETTER WHEN PEOPLE ARE SHAKING HANDS INSTEAD OF SHAKING HEADS.

Alan Ratliff In Accident

No one was injured in a two-car accident Friday night on 23rd Street in Canyon.

A Canyon city patrolman, Alan Ratliff, was driving north on U.S. Highway 87 when his vehicle struck a car making a left hand turn.

Ratliff was chasing a speeder, and he had the car's emergency equipment on.

Keith LaFon of Amarillo was driver of the other vehicle.

George Hinch, a former city patrolman, was riding with Ratliff at the time of the accident.

All three men were taken to Neblett Hospital but were released Friday night.

Both the Canyon police car and the LaFon vehicle were totally damaged.

CS Pack 66 Organized

A new Cub Scout Pack No. 66 was officially organized last Thursday night at a meeting of prospective members, parents, and leaders.

The new pack will complete the 'scouting family' for the First Christian Church which will sponsor it. The church also sponsors Boy Scout Troop 66 and Explorer Post 66.

Louis Machuca, district scout representative, spoke to the group meeting Thursday evening at the First Christian Church. A film strip on the 'organization of a Cub Pack' was shown during the evening.

Approximately 25-30 persons were in attendance at the meeting as two dens were organized under the leadership of LeRoy Moreland, chairman. Tentative den mothers were selected and they "hope to organize two more dens in the near future" according to Moreland.

All boys age 8, 9, and 10 are elgible for Cub Scouting and those who would like to participate in the program should contact LeRoy Moreland for information. Openings are available for 16 more boys to fill the two other dens.

Mrs. L. E. Gum and Shelly Johnigan have returned home from Perryton, where they visited in the homes of Mrs. R. H. Francis and other relatives. While in Perryton, Mrs. Gum learned that her niece, Marilyn Morris, was chosen as the Most Beautiful Girl in Perryton High School. Marilyn, the daughter of Judge and Mrs. Clarence R. Morris, was also selected Senior Class Favorite, and plans to attend West Texas State University this summer.

Mrs. Addo Speaks At Church Sunday

Mrs. Regina Addo from Accra, Ghana, will speak for a unified church service Sunday, May 3 at 7:30 p.m. at the Methodist Church. All Canyon and Amarillo men, women, and children are welcome to listen to this United Churchwomen's representative from overseas.

Mrs. Addo is one of fifty overseas visitors brought by the Methodists, Episcopalians and Presbyterians under the sponsorship of the United Churchwomen.

Only Canyon, Tulia, Plainview, and Lubbock were the towns in this area lucky enough to have such a visitor at this time.

Children from the junior choirs of the Methodist, Christian, and Presbyterian Churches will join together to provide music. Mrs. O. P. Cowart will introduce the speaker. The Reverend Newton Starnes, pastor of the host church, will lead the order of worship. An offering will be taken to provide an honorarium for Mrs. Addo and to help the work of the United Churchwomen in the United States.

Mrs. Addo will also take part in Ecumenical conversations with the churchwomen of eight Canyon churches. Those churches who have accepted invitations to these group sessions under the direction of Mrs. Madge Culberson are the Methodist, Christian, Presbyterian, Faith Chapel, Episcopal, Assembly of God, Baptist, and Catholic churches. The first conversation to be held Monday, May 4, will ask the question, "What it means to be a church?"
